ClassLink

QUICK GUIDE *for* STUDENTS

launchpad.classlink.com/wjusd

The district is changing to Classlink a single sign on portal on June 13th.

All students currently use a single sign on portal. The login for the new portal Classlink is very similar to the old single sign on portal.

1 Sign In

When a student turns on their chromebook they will see this screen.

Students in grades 3-12 sign in by using their network login username (first name.last name)and password.

Students in grades 7-12 will need to answer the password challenge questions.

Students in grades TK-2 will use QR codes (Quick Cards)to login. Classlink requires a new QuickCard, your student's teacher may have printed the QuickCard and given it to your student. If your student needs a QuickCard call or text:

English: (530) 723-6181 Spanish: (530) 723-6302

2 My Apps

The My Apps screen is where all of the online resources will be located.

3 App Options

Right-click on an application to access its menu options in order to add it to the Favorites Bar

4 My Profile

Here is where students can change wallpaper & colors.

5 My Files

My Files includes Google drive
